A.I.R. Brings Value to Amusement Insureds with EPA Partnership

Partnership gives Amusement Insurance Resources insureds membership in the Event Planners Association and benefits that include legal and marketing support, safety training and affinity program discounts

Cleveland – June 21, 2010 – Allegiant Programs Group announced today that Amusement Insurance Resources (www.insureAIR.com), a national specialty insurance program serving the amusement rental industry, has partnered with the Event Planners Association (EPA) to offer marketing, legal, safety and affinity program services to Amusement Insurance Resources (A.I.R.) insureds.

All A.I.R. insureds will become members of EPA (www.eventplannersassociation.com), the premier service provider to the event and entertainment communities. EPA helps members of the inflatable and amusement communities save time and money on the specialized services it provides in a one-stop-shop format and offers support not found anywhere else.

“This partnership with EPA gives our insureds the best industry resources and added value with their insurance coverage,” said Drew Tewksbury, vice president and program manager of Amusement Insurance Resources. “This added value can be a key selling point for the agents and brokers who are looking for comprehensive coverage, competitive pricing and a strong, stable insurance market for their amusement rental customers.”

A.I.R. insureds receive these comprehensive benefits through their membership in EPA:

- **Legal benefits from EPA’s in-house law firm**, providing immediate access to the documents they need to operate their business as well as the ability to communicate with legal experts as they need them. Members will save thousands of dollars with unlimited downloads of rental agreements, liability waivers and contracts; contract review; consultation; and other professional discounts.
